Museums

Stadtmuseum Münster (free admission)

1) Female painters in Münster

31 January to 3 August 2025: Works and
biographical backgrounds of women painters
18th - 19th century

2) 50 years ago – Münster 1975

6 December 2024 to 23 November 2025:
*The press photos presented bring Münster back to
life 50 years ago and show important events as
well as the everyday life of the people of Münster*

Salzstraße 28

LWL Museum of Natural History with Planetarium

1) Genes – The diversity of life

21 June 2024 to 11 January 2026:

*Incredibly small and minimalist, yet so complex
and diverse – genes shape all living things. The
special exhibition 'Genes' provides a unique
insight into the world of genes over an area of
around 850 m².*

Sentruper Str. 285

Tips around the Münster Castle

1) Just a few meters away is the Aasee lake with its green spaces and beautiful lakeside paths. Look out for the numerous sculptures on a walk around the lake.

2) The "Promenade", Münster's cycle path around the old town, leads directly past the castle and offers access to many interesting cycle routes in and around Münster.

3) The "Kleiner Kiepenkerl" restaurant is an institution in Münster. This is not only due to the traditional Westphalian cuisine, but also to the historic interior.

Going out & Discovering

The catering and leisure guide "Münster geht aus" gives recommendations on the clubs and parties in the city.

The traditional entertainment district "**Kuhviertel**" is a lively mix of student pubs and cosy, typically Westphalian restaurants. It can be reached within walking distance from the castle via **Schlossplatz** and **Überwasserstraße**.
